

Looking to expand your knowledge about application and network security?

The IllinoisSAINT Organization is a group of network security professionals in the State of Illinois who work together to Manage and Mitigate security issues and incidents along with providing Training for its general membership. The IllinoisSAINT Organization was founded in 2010 after a need was found for security discussions and training within Illinois education institutions.

We are proud to have the first annual IllinoisSAINT security training conference this year. We are bringing in 4 professionals this year to talk about all aspects of security that affects everyone from small schools and businesses to large school districts and businesses. The 4 presenters this year are:

Troy Jessup is the Network and Security Operations Manager for the Utah Education Network (UEN). UEN is the Utah version of ICN. In 2000 he founded the Utah Security Advisory and Incident Network Team (S.A.I.N.T) to provide a resource for Utah education to collaborate on information security. The group holds 2 semiannual conferences for its 300+ members.

Bryce is a Global Network Exploitation and Vulnerability Analyst for the Department of Defense. He specializes in Computer Network Operations which includes Security Operations, Vulnerability Research, and Exploit Development.

Kelly Genessy is the security operations lead for UEN and distinguished member of the UtahSAINT organization. He is a volunteer on the UtahSAINT security audit team. Along with Troy Jessup he is also a member of DDTEK, the group that hosts the Defcon Capture the flag Competition in Las Vegas.

David Thurm is on the IlliniCLOUD team specializing in Networking and Security for the cloud. He is also a co-founder of IllinoisSAINT.

IllinoisSAINT Security Training is July 20th and TechFeast is July 21-22nd. Cost is \$149 for all 3 days or \$125 for TechFeast and \$50 for IllinoisSAINT Security Training. The site for TechFeast this year is Heartland Community College in Bloomington/Normal.

Please visit us online at <http://tech.thefeast.org> for more information and to register. Registration deadline is June 15th.
